It may be that some of the above cases were recently received in your office by referral of leads from the Bureau or an auxiliary office. However, they are being brought to your personal attention to insure they are being properly handled and will reach the Bureau at the earliest possible moment. You must see that all SGE cases handled by personnel of your office are thoroughly investigated without any avoidable delay. Deadlines set in these cases have to be met. The highest possible standards of investigation and reporting must be maintained at all times in these cases.

As pointed out previously, you are aware of the necessity for completing these cases within the deadline period. In this connection your letter of August 9, 1956, has been received advising that cases listed in Bureau letter of August 3, 1956, were still pending in your office due to outstanding record checks with other governmental agencies. A large portion of these cases were pending record checks at the Civil Service Commission. Your letter further points out this is a temporary condition at the Civil Service Commission and necessary arrangements have been made to remedy this in the near future. You should see that the Civil Service record checks, as well as all other governmental agency checks, receive close personal attention in order that the results are received by your office without delay.

Richard Ober was investigated under Executive Order 10450 at CIA's request in 1956, basis being association by his father, Harold Ober, with such individuals as Anna Louise Strong, Albert Maltz and others on whom there is adverse security information. Results have been furnished to CSC and Department. CIA was requested on 7/16/56 to conduct "such foreign investigation as your files indicate may be necessary," it being noted that Ober worked for CIA for unknown period at Munich, Germany. CIA has furnished no advice regarding status of its overseas investigation although such advice has been requested.

RECOMMENDATION:

That CIA be contacted via liaison to ascertain (1) whether CIA is conducting overseas investigation and (2) if so, to ascertain status thereof and request reports be furnished Bureau at earliest opportunity.
